

American Foundrymen's Association.

INDEX—Vol. XVIII

Accidents in Foundries, Discussion on	253
Accidents in Foundries, Prevention of	55
Air Furnace Construction for Malleable Castings	23
Annealing Room, Pyrometry in	161
Anthes, L. L.: Presidential Address	240
Auditing Report	268
Book Notice	371
Business Specialist, Modern Methods, and the	207
Carr, W. M.: Open Hearth Methods for Steel Castings ..	31
Cincinnati Convention, Proceedings of the	239
Cincinnati Reception	269
Chatfield, L. O.: Industrial and Liability Insurance	257
Chemical Standards for Iron Castings	17
Cheney, F. R.: Cores and Coremaking	1
Coal, Pulverized, Use of in Foundry	39
Committee on Industrial Education, Report of	5
Committee on Prevention of Accidents in Foundries, Report of	55
Committee on Standard Specifications for Foundry Pig Iron, Report of	336
Continuous Melting	47
Continuous Melting, Discussion on	199, 288
Continuous Melting in Westinghouse Air Brake Co. Foundry	13
Convention of A. F. A., Cincinnati	239
Converter, Side-blow, for Steel Castings	69
Cores and Coremaking	1
Costs, Discussion on Foundry	195

Costs, Foundry	143
Cost of Steel Making in Foundries	217
Cost System, a Successful	227
Cupola Practice, Modern	73
Cupola, Steel Scrap in	113
Custer, Edgar A.: Discussion on the Permanent Mold, 306,	315
Custer, Edgar A.: The Permanent Mold	81
Detroit, Invitation from	350
Discussion on Accidents in Foundries	253
Discussion on Continuous Melting	199, 288
Discussion on Cost of Steel Making	285
Discussion on Foundry Costs	195
Discussion on Specifications for Foundry Pig Iron	337
Discussion on Industrial Education	270
Discussion on the Side-blow Converter	275
Discussion on the Permanent Mold	306, 315
Field, H. E.: Report of Committee on Standard Specifications for Foundry Pig Iron	336
Foundry Costs	143
Foundry Facings, Standardizing	117
Foundry, The Heart of the, as seen by the Engineer ..	185
Foundry Pig Iron, Discussion on Standard Specifications for	337
Foundry Pig Iron, Report of Committee on Standard Specifications for	336
Foundry Pig Iron, Standard Specifications for	347
Foundry Production Tally, A Comprehensive	121
Foundry, Use of Pulverized Coal in the	39
Franklin, B. A.: Discussion on Foundry Costs	195
Franklin, B. A.: Foundry Costs	143
Frohman, H. F.: Standardizing Foundry Facings	117
Golden, J. P.: A Successful Foundry Cost System	227
Hand Molding versus Machine Molding	105
Hawkins, D. S.: The Heart of the Foundry, etc	185
Hooper, G. K.: Discussion on Continuous Melting	199
Industrial and Liability Insurance	257
Industrial Education, Discussion on	270
Industrial Education, Report of Committee on	5
Insurance, Industrial and Liability	257
Invitation from Pittsburg	354

Kane, W. H.: Notes on Air Furnace Construction for Malleable Castings.....	23
Kentucky "Burgoo".....	322
Knoepfel, C. E.: A Comprehensive Foundry Production Tally.....	121
Knoepfel, John C.: Modern Cupola Practice.....	73
Kreuzpointner, P.: Discussion on Industrial Education.....	270
Kreuzpointner, P.: Memoranda from Committee on Industrial Education.....	273
Kreuzpointner, P.: Report on Industrial Education.....	5
Machine Molding versus Hand Molding.....	105
Malleable Castings, Air Furnace Construction for.....	23
McGahey, C. R.: Use of Steel Scrap in the Cupola....	113
Meade, Dr. R. K.: Use of Pulverized Coal in the Foundry	39
Memoranda from Committee on Industrial Education..	273
Milling Machine for Wood.....	359
Modern Cupola Practice.....	73
Modern Methods and the Business Specialist.....	207
Moldenke, Dr. R.: Secretary-Treasurer's Report.....	247
Molding, Machine versus Hand	105
Mold, The Permanent.....	81
Muntz, Geo.: Machine Molding versus Hand Molding.....	105
Nominating Committee, Report of.....	328
Officers for 1909-1910, Election of.....	328
Open Hearth Furnace, A Small.....	31
Open Hearth Methods for Steel Castings.....	31
Permanent Mold, Discussion on.....	306, 315
Permanent Mold, The.....	81
Porter, J. J.: Chemical Standards for Iron Castings....	17
Practical Value of Chemical Standards for Iron Castings.....	17
Presidential Address.....	240
Prevention of Accidents in Foundries, Report of Committee on.....	55
Probert, R. H.: Continuous Melting.....	47
Proceedings of the Cincinnati Convention.....	239
Production Tally, A Comprehensive Foundry.....	121
Pulverized Coal for Foundry Purposes.....	39
Pyrometry in the Annealing Room.....	161
Reception by the Cincinnati Committee.....	269

Report of the Auditing Committee.....	268
Report of Committee on Industrial Education.....	5
Report of Committee on Prevention of Accidents in Foundries	55
Report of Committee on Standard Specifications for Foundry Pig Iron.....	336
Report of Nominating Committee.....	328
Report of Secretary-Treasurer.....	247
River Boat Ride, Cincinnati Convention.....	322
Secretary-Treasurer's Report.....	247
Side-blow Converter for Steel Castings.....	69
Side-blow Converter Practice, Discussion on.....	275
Sleeth, S. D.: Continuous Melting in the Westinghouse Air Brake Foundry.....	13
Sleeth, S. D.: Discussion on Continuous Melting.....	288
Specifications, Standard, for Foundry Pig Iron.....	347
Speer, Major Jos. T.: Invitation from Pittsburg.....	354
Spencer, A. N.: A Wood Milling Machine.....	359
Standardizing Foundry Facings.....	117
Standard Specifications for Foundry Pig Iron.....	347
Steel Castings, Discussion on Side-blow Converter for.....	275
Steel Castings, Open Hearth Methods for.....	31
Steel Castings, Side-blow Converter for.....	69
Steel Making in Foundries, Cost of.....	217
Steel Making, Discussion on Cost of.....	285
Steel Scrap, Use of in the Cupola	113
Stephenson, Dr. F. T. F.: Invitation from Detroit....	350
Stoughton, B.: Cost of Steel Making in Foundries....	217
Stoughton, B.: Discussion on Cost of Steel Making....	285
Stupakoff, S. H.: Pyrometry in the Annealing Room..	161
Successful Foundry Cost System.....	227
Taylor, E. M.: Modern Methods of the Business Specialist	207
Westinghouse Air Brake Co. Foundry, Continuous Melting in.....	13
West, Thos. D.: Report of Committee on Prevention of Accidents in Foundries.....	55
Whitehouse, J. S.: Side-blow Converter for Steel Cast- ings	69
Wood Milling Machine.....	359
